

## Walk 3 (circular) – 5 miles Wing – Ledburn - Mentmore

**Route:** Circular walk via Well Lane, across field to Ledburn, past cricket pitch to Mentmore. Return via Windmill Hill. 2 hrs

At Ledburn & Mentmore

**Start:** OS SP885228. Wing Library

- A. Walk through allotments (social club on R) until arable field. TR keep hedge on right along field boundary – enter wood.

- B. At the end of the wood, cross the stile & walk to the track. Follow track & path but TL into spinney before farm ruins. The path circles the house on left until Well Lane. TR into Well Lane – after a few yards TL into field.

C. The photo shows the view towards the single large tree (point C) in the far distance across arable field. N.b. this path gets re-instated & so trouble free walking between crops. Cross the footbridge over the stream and TL – after a few yards walk diagonally across the field between the saplings. There is a stile tucked away in the corner of the hedge. Cross the stile, TR into a grazing field leading to Ledburn. TR @ road. TL through hedge gap after 100yds next to the last house. Go straight on across ditch bridge into open field keeping pyl on well to R. Cross ditch bridge & through saplings into small

wood – wire mesh fencing to R. At the end of the wood TR across another ditch bridge to arrive at point D.

- D. Do not follow the track in the photo but TL before the hedge line. Follow the field boundary with ditch on R. At the end of the field TR across ditch bridge.

- E. After a few yards cross the stile. Don't be put off by the 'beef bull' sign which is misleading & should not be present unless there is a bull. Look carefully though! The path goes up the incline to the top end field corner. TR and walk down the road for 15mins until the 90° left road bend. Enter the field by the side of the rusty gate.

- F. Follow to the R of hedge. As you approach the field boundary on the right TL through the hedge gap. Aim about 50yds to the left of the hedge line in the distance and cross the road using a ditch bridge.

- G. The field path across Windmill Hill is always reinstated and so there is a well marked route through the crop. Towards the bottom of the incline bear left and cross the wide ditch bridge. Continue in a straight line across the field to the road. TR. Follow the road for 150yds before

bearing left onto the reinstated field path. Walk between the crop keeping well to the right of Wingpark Clump.
