A report has been given to the local police officers regarding being overtaken by a car by Church Street on the A418 heading towards Aylesbury. The Police have also been asked if speed cameras could be placed on both entrances of the village on the A418, they have said this is down to Highways and Buckinghamshire Council but if there is a Community Speedwatch team, the information collected can be passed to the Police and they can see if there is any need to put speed cameras around.

- Healthmatic have been appointed as the Parish Council's winning tenderer for the Construction of the Pavilion, the extension to the carpark and the widening of the vision splay onto the A418 (Leighton Road).
- We have held a number of clarification meetings with Healthmatic to make some minor adjustments to the design of the Pavilion – to provide a changing room for female and male officials, to alter the location of the kitchenette so it is accessible for community use and bowls club use and some minor alterations to windows – none of which will materially impact on the price of the scheme.
- We have held discussions with Healthmatic about amendments to the scope of the ground works and carparking, and the connection of utilities (electric and water) to the new pavilion. Further clarification is being sought on the utilities connections of the existing Bowls and Tennis club.
- Once we have revised design drawings from Healthmatic we can discuss these with the planning officer at Buckinghamshire Council to see if a new planning approval will be required or if the revised design can be approved through variations of conditions.
- The tender for the MUGA and the Floodlighting to the MUGA and tennis club has been issued and tenders are due back by 8th April 2022.
- A further working group meeting is being organised with the Football, Bowls and Tennis Club to share the Pavilion designs with them.
- We have responded to queries from WOIW on the Recreation ground project providing an update on the Pavilion Tender exercise and the project as a whole. The update protected the commercial details of the project, but clarified that the PC do not believe it will need to take out a public works loan to deliver the Recreation Ground Project.
